

Scripps College MyBrowsingRoom.com Facebook Connect Application

Scripps alumnae who have a profile on Facebook can "connect" their Facebook account to their profile on MyBrowsingRoom.com (alumnae online community) using the new "Connect with Facebook" application.

What is Facebook Connect?

Shared Login

The two websites will be connected after a one-time process which links your Facebook account and your profile on MyBrowsingRoom. Future logins to MyBrowsingRoom (MBR) can be done by clicking the "Connect with Facebook" button and then logging into the Online Community with your Facebook login information. If you're already logged into Facebook and you jump onto the MyBrowsingRoom, it will automatically sign in for you. No need to remember your password and login at MBR anymore!

Events

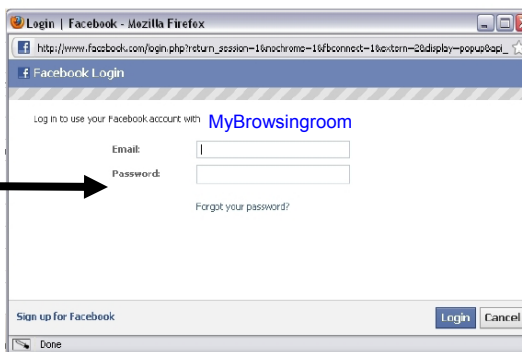

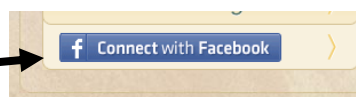

If you use the "Connect with Facebook" option to login to MyBrowsingRoom when you register for a Scripps event you will have the ability to then publish that information to your Facebook page (wall). For example, if you register to attend your Scripps reunion a post to your Facebook wall, you can automatically post this information to your Facebook wall to share with your friends.

Important - if you have not yet logged into MyBrowsingRoom.com (or onto the former Scripps College Online Community), you must go through the quick "New Member Login" process. Go to www.mybrowsingroom.com and click on "New Member Login" on the homepage under the "member log-in" field. Click here to see the pdf instructions

How to Connect a step-by-step guide
